Dear Mr. Zeigler,

I am writing to apply for the Doggo Lake Junior position. I am excited to further my experience within this field. As a reliable student with professional experience in working alongside others and overcoming difficulties between my time in computer programming and working at Crimson American Grill. I am confident that I would be a great asset to the team.

Working collaboratively and independently are areas I have extensive experience in within my job at Crimson American Grill, and my shop area of Computer Programming. Within my experiences, I have honed my collaborative and communication skills by working with other students to design a browser-based story game, as well as assisting customers at Crimson.

I look forward to discussing the opportunity and my qualifications with you in more detail. I am available to work and discuss these throughout the week at your convenience. I can be contacted any time for a call at (717) 881-4289 or via email at beckhamp922@icloud.com. Thank you very much for your time and consideration.

Cordially,

Beckham Phillips
